Articulation of the sound 'Ж' (zh). The diagram shows three stages of mouth formation: the tongue tip touching the alveolar ridge, the tongue tip touching the alveolar ridge with the lips slightly rounded, and the tongue tip touching the alveolar ridge with the lips rounded. Below these is a large image of a child's mouth with the tongue tip touching the alveolar ridge and the lips rounded. The Cyrillic letter 'Ж' is shown in blue, accompanied by a yellow cartoon character with a pink bow and its hands near its mouth.

Articulation of the sound 'Ч' (ch). The diagram shows three stages of mouth formation: the tongue tip touching the alveolar ridge, the tongue tip touching the alveolar ridge with the lips slightly rounded, and the tongue tip touching the alveolar ridge with the lips rounded. Below these is a large image of a child's mouth with the tongue tip touching the alveolar ridge and the lips rounded. The Cyrillic letter 'Ч' is shown in blue, accompanied by a yellow cartoon character with a pink bow and its hands near its mouth.

Articulation of the sound 'Щ' (shch). The diagram shows three stages of mouth formation: the tongue tip touching the alveolar ridge, the tongue tip touching the alveolar ridge with the lips slightly rounded, and the tongue tip touching the alveolar ridge with the lips rounded. Below these is a large image of a child's mouth with the tongue tip touching the alveolar ridge and the lips rounded. The Cyrillic letter 'Щ' is shown in blue, accompanied by a yellow cartoon character with a pink bow and its hands near its mouth.
